

Placement Process of Jyothy Institute of Technology consists of following steps.

Placement department work towards getting the companies to the campus for placements. On establishing the connect with the companies, finds out the requirement of manpower & eligibility criteria. The database of the eligible student will be shared with the company. The date and time for the placement drive and the type of the drive whether it is exclusive, or pool campus will be decided in consultation with all the stake holders.

General sequence of campus recruitment program followed by most of the companies is mentioned below:

- Pre-Placement Presentation & Interactive Session with Students by recruiters.
- Technical & Aptitude written Test is conducted in the order decided by the recruiters
- Personal Interview
- Technical Interview
- Announcement of the final list of candidates selected
- Offer letters distribution – at company's discretion
- Acceptance of the offer
- Communication to all the students and the respective departments on the selected list of candidates
