CONTENTS

HOD'S DESK

The objective is execution of all the routine activities as per three fundamental principles of human knowledge : "Lead me from Darkness to Light" (Tamaso Ma Jyotirgamaya"): "Lead me from falsehood to Truth"(asato ma sad gamaya"); and "Lead me from Mortality to Immortality". Computer Science and Engineering happens to be the back bone of any industry with amazing versatility. The department of strives to train students in computer science as well as application of these scientific methods to conceive, organize and carry out scientific design of engineering system and also ethics.

Live out of your imagination, not history.

GUEST LECTURE ON SAP

20-02-2016

We were privileged to have Mr. Bharath Kumar from Hinduja Tech. The talk was for us to be educated upon SAP's Innovative Enterprise Solutions. The professionalism that was carried resonated through every recipient of the room. The audience was enticed by the talk, by gathering knowledge on a deeper understanding towards the inside story of the IT corporate industry. On this day, everybody had an insight on a higher level towards the use and application and the huge artillery of the technology. We were honoured to have a guest lecture from Hinduja Tech who is a part of a multibillion dollar Hinduja Group with its presence spread across UK, USA, Germany, France, Japan and India.

CSI- Pick and speak

Being a member of the CSI has its perks. Among various events that have been conducted the pick and speak was one such enticing event. The event was very well coordinated and organized. To add a flavour of fun to the event, there was both an opportunity for technical and non – technical speakers as well. The event was crisp and maintained a perfect time frame to suit the events standards. Many teachers encouraged many students who took up stage and spoke to their heart's content.

10-10-2015

CSI Student Chapter Inauguration

29-03-2016

The abbreviated word CSI that stands for 'Computer Society of India' has echoed through the halls of JIT like none other. CSI was introduced to us in the very beginning years shifting and crafting the sceptical and naïve mind of every young aspiring student of JIT. The event was bloomed with the courtly presence of Mrs. Bhanumathi K.S who was the then chairperson of CSI Bangalore Chapter along with Dr. P. Selvaraj who is a senior scientist, Group Director in ADA, Bangalore. The event surely nurtured the young minds with the wisdom from such high profile dignified scholars.

You only live once, but if you do it right once is enough.
