i	Dr.K.Gopalakrishna	Principal
ii.	HEMA	NGO member

2. Participants

SI No	Name	Appt
ii	Lt. Dr. Manoj Kumar.M	ANO
iii	NCC Cadets	Jyothy Institute of Technology

INTRODUCTION

CELEBRATION OF 75TH YEAR OF NCC RAISING

1. NCC day is celebrated on the 4th Sunday in November every year, on this occasion the cdts took part in tree planation program and they learnt importance of "environment" and cdts plants many trees .

2. Some important point has given by HEMA (chief guest) is:

- 1) Planting a tree is like adding one more healthy year to your life.
- 2) Planting trees helps a lot in maintaining ecological balance.
- 3) Tree plantation keeps the nutrition of the soil intact and helps in irrigation.
- 4) Tree plantation also helps in containing rainwater and maintaining natural water resources.
- 5) Tree plantation is beneficial to you as well as to society.
- 6) Trees play a significant role in reducing noise pollution by absorbing noise from various sources.
- 7) Well, planted trees can cause cooling effect, effectively reducing the electricity consumption.
- 8) Trees fight with climate change and global warming and keep the earth safe from their effects.

3. Objectives and pledge:-

The great thing about the Million Tree Pledge is that it is for everyone, with an emphasis on SMEs (small and medium sized enterprises), with ambitious sustainability goals. It's all about providing small businesses with a way to have a massive impact by taking on a huge challenge and setting themselves ambitious targets that will involve making some changes and employing some pretty creative initiative and engineering in order to achieve them.

4. Tree planting is recognized as one of the most engaging, environmentally-friendly activities that people can participate in to help the planet when done properly. Trees

provide numerous long-term and short-term benefits. They not only look nice, but they also remove and store carbon from the atmosphere, slow heavy rain and thus reduce the risk of flooding, improve air quality, and reduce the urban heat island effect by reflecting sunlight and providing shade. Let us take a look at the long and short essay on tree plantation.

Date	Time	Particulars
21 NOV 2022	9.30 AM – 11.30AM	Arrival at JYOTHY INSTITUTE OF TECHNOLOGY, Tathaguni
	9:30 AM	We starting planting saplings at JYOTHY INSTITUTE OF TECHNOLOGY, Tathaguni
