The Alumni Summit at Jyothy Institute of Technology was held on March 15, 2025, under the theme "Back to College." The event aimed to reconnect the institution with its esteemed alumni, fostering future collaborations and strengthening professional networks.

The summit featured Sri Chandrasekhar K, Founder and CEO of Forus Health, as the keynote speaker. His insights on innovation, career growth, and industry trends captivated the audience, leaving on both students and alumni.

The event witnessed an impressive turnout of over 220 alumni, accompanied by more than 50 faculty members and 40 student coordinators from semesters 4, 6, and 8. Their active participation ensured smooth coordination and engagement throughout the event.

Ms. Ankitha Gowda skillfully hosted the summit, guiding the program with enthusiasm. Adding to the entertainment was a delightful stand-up comedy performance by Mr. Shravan P from Tarle Box, which had the audience in splits. The event concluded on a high note with an electrifying music session by DJ Mario, keeping the crowd energized and engaged.

A key outcome of the summit was the focus on strengthening alumni relations to enhance placement opportunities. By rekindling old connections, the event paved the way for mentorship, internships, and job prospects for current students.

Attendees thoroughly enjoyed revisiting their alma mater, cherishing conversations with former professors, reconnecting with friends, and reminiscing about their college days while exploring the familiar corridors and classrooms.

Conclusion

The summit was a resounding success, seamlessly blending meaningful discussions with entertainment, ensuring a memorable experience for all participants. Jyothy Institute of Technology looks forward to continuing this tradition and further strengthening its alumni network in the years ahead.
